It is a rescue backpack equipped with two external front pockets and five internal spaces where it is possible to put the trousse.

The design is in PL 600 and has strong shoulder straps (the shoulder straps are ergonomic and padded). The handles are sewn with double reinforcement to the backpack structure to obtain the maximum reliability and resistance to efforts and it is long-lasting.

The backpack is equipped with a 10mm zippers to ensure the best smoothness and greater tear resistance.

The frontal band is in reflex material. It is possible to remove the band and to customize it with logos and writings

For cleaning and sanitizing is recommended dry cleaning at industrial laundries.

AVAILABLE ACCESSORIES:
